

*All around the world
There's a celebration
Christ the King has come
All around the world
There is jubilation
Good news for everyone
So let's join with all creation
To sing his praise*

From North and South, from East and West
All corners of the earth
Old and Young, every tongue
Celebrate the birth
'Cause it's Christmas time
And Jesus is the King

From mountain high to valley low
The earth resounds in joy
From every street of every town
From every girl and boy
'Cause it's Christmas time
And Jesus is the King
